Re: Doctor's Cold Sore Solution

Dear Sir or Madam:

The reason that I am writing this letter to you is to thank you for your outstanding product and service. I have had canker sore for a long time. The recovery time was about 10 days and it was very painful. I have tried every over the counter medicine from CVS to Walgreen. I even went to China to try some alternative herb medicine. None of them really worked and my doctor told me there was no cure at this time.

One day I happened to search the web and found your Doctor's Cold Sore Solution. Since then, my canker sore recovery cycle is getting shorter and shorter. As now, with your solution, my canker sores normally recover within a day and happen much less frequently than before.

Your solution is really the solution for the canker sore patient and it is the magic!

Regards,
