Subject: Joshua Solution

What a relief! Finally a product that is effective for those nasty cold sores!! I have suffered from the constant outbreak of those beasts for as long as I can remember. I've tried every product (over-the-counter & prescription) that has come out. I probably don't need to tell you that none of them work. Until now... While browsing the internet for a homeopathic remedy I found the site for Joshua Skin Care Labs. What a blessing! Your Joshua Solution is amazing. Although the cold sore did not disappear overnight, the swelling was relieved almost immediately and my lip never split. This may not sound like much but to not have to suffer with a swollen and bleeding lip is a huge relief to me. Thank You! Thank You!

Kind Regards,
Stephanie Motley
