---

When under stress or after I have had a cold I am likely to get a cold sore around my lips.

I have tried many remedies, all with marginal results, until I found Doctor's Cold Sore Solution.

I am confident that Doctor's Cold Sore Solution will always stop cold sores dead in their tracks for me, saving me from the embarrassment and temporary loss of self-esteem that happens when a cold sore is active. I have been using the solution for years, and need look no further for a solution to the cold sore problem.

Thank you,

Denis M. Squillacote
