DR. Merrill Chernov

As with anything purchased over the internet, skepticism is very high that it will even work somewhat if at all. Well the Joshua Solution WORKS!

After searching the internet and reading the testimonials I thought I'd give it a chance and it proved to be a great product.

I just wish I'd found it a lot earlier. I have already told others about it. Cold sores are awful and no one should have to deal with them. I will forever be a user.
