Dr. Thomas & Mary Conner:

I just want to tell you are impressed
we are with your A&S Solution for
Shingles.

My 80 year old Mother came down
with a very severe case of shingles and
before we discovered your solution, we
had her to 6 different Drs. the last one
being at Mayo Clinic. They even had her
in their Pain Management Clinic where
they prescribed Gabapentin 6/12% gel
and amitriptyline 10mg and these two
things did help her somewhat, but
nothing compared to your Shingles
Solution. She noticed a huge difference
the very first night she used it -
much less pain and itching and she
was able to get a good night's sleep
for the first time since she had had
the shingles.

My Mother is now pretty well cleared
up with just an occasional outbreak at
which time she immediately gets out her
Shingles Solution so as to nip it in the bud.
Just keep producing that Shingles Solution
and thank so much for aiding our discovery

Sincerely,
Ray Halvinger
